The political pot among the so-called unwashed Democrats and the silk-stocking Republicans is just beginning to boil and bubble in good shape and many of the small fry or tin-horn rascals who always entertain the idea that the whole world rests on their shoulders will work over time between now and the September primaries in order to keep themselves within the shadows of their big political masters or bosses, and the most important event or thing to transpire among the head Republican politicians this week—was the indorsement of the Hon. Chas. S. Deneen for United States senator by the 30th Ward Republicans who assembled by the hundreds in Speyne's hall, 44th and State street and it goes without saying that Mr. Deneen has whole regiments of friends in all parts of this city and throughout the state of Illinois who will do everything in their power that honorable men can do to land him in the United States senate. It is almost safe to state that aside from the action of the 30th Ward Republicans that there will not be a great deal doing or stirring along the senatorial line until after the April election and the various candidates for aldermanic honors in the several wards have filed their petitions and they are all ready for the race. \*Incumbent.

Two candidates have entered the race at the primaries against Alderman Joseph Higgins Smith in the Fourteenth Ward, but as Alderman Smith has made a splendid record in the City Council in the past four years he will be renominated and re-elected to that body with both hands down.

Michael G. Walsh, who has proven himself to be one of the very best deputy coroners Cook County has ever had and who has thousands of friends among all classes of his fellow citizens in all parts of this city, is headed or slated to win the Republican nomination for alderman of the Thirtieth Ward.

This week the Charles S. Deneen Colored Republican Club, which holds forth

in the Second Ward under the leadership of Lawyer Augustus L. Williams, held a meeting at 3158 Forest avenue, and before it wound up it fell in line for Major Robert R. Jackson for alderman of that ward.

As stated in another column of this paper that Rev. W. S. Braddan has arrived home from Camp Logan, Houston, Texas, and this coming Sunday afternoon, Feb. 10, he will address the meeting at Odd Fellows Hall, 3335 South State street, in favor of the re-election of former alderman, Oscar DePriest, to the City Council from the Second Ward.

The thing that caused the greatest commotion among the politicians and the would-be politicians this week was the announcement of Attorney Patrick H. O'Donnell for State's Attorney of Cook County in 1920. Mr. O'Donnell understands everything in connection with that office from A to Z and he

ATTORNEY PATRICK H. O'DONNELL.

Stirred the political waters this week from fore to aft by throwing his fighting hat in the ring for State's Attorney in 1920.

Mr. O'Donnell announced his candidacy to fill the office of Maclay Hoyne when his term of office expires by sending a letter to the leading Republicans of Cook County and stated his platform, which is as follows:

(1) I will send convicts behind prison walls and will not send them to live in luxury in hotels of the City as public expense.

(2) I will seek to recover back into the County Treasury the half million of dollars that has been voted out during the last few years to private detective agencies, private individuals and hotel keepers for investigations of cases that

have failed in nearly every instance, and to support witnesses that juries have refused to believe, and I shall hold as liable to the County the officers who have illegally voted that money out of the County Treasury.

(3) I shall return to the practice heretofore followed by all States Attorneys by not employing any private detectives, spies, wire tappers or well known criminals as adjuncts to the administration of the criminal law and the jurisdiction of Cook County.

(4) I shall nolle no cases without first laying the facts before the trial judge and getting his consent thereto

and shall strike off none as there is no warrant for it in law and the persons so held are never released, but are under pressure to do the bidding of the prosecuting power at primaries and elections to the corruption of the ballot box.

(5) I shall not countenance, but shall oppose the constant blame upon the Chicago police force who make 70,000 arrests while fewer than 300 of those arrested by them are sent to Joliet and I shall so fend them that they shall have at least as good a standing before the community while engaged in their hazardous occupation as the numberless criminals that they are trying to suppress.

would be the right man in the right place. Read his platform in another column of this paper.
